Work Experience

- ❖ Participated in IIT Bombay's Eyantra robotic competition, creating a self-balanced two-wheel delivery robot. Acquired skills in 3-D design (Fusion360) and learned about robot dynamics, kinematics, and motion control systems.
- ❖ Collaborated with multidisciplinary teams on numerous projects, driving successful and impactful outcomes.

Projects

A3C FOR KUNG FU

(DEC'24)

- ❖ Executed the a3c reinforcement learning algorithm tailored for kung fu, incorporating asynchronous parallelization methods that improved training efficiency and allowed for real-time adjustments during agent testing phases without downtime.
- ❖ Enhanced learning stability and accelerated training processes through concurrent optimization techniques.

DEEP CONVOLUTIONAL Q-LEARNING FOR PAC-MAN

(DEC'23)

- ❖ Implemented convolutional neural networks to accurately represent game states in Pac-Man.
- ❖ Leveraged deep neural networks to enhance Q-learning strategies, resulting in significant improvements in gameplay efficiency and decision-making.

DEEP Q – LEARNING FOR LUNAR LANDING

(DEC'23)

- ❖ Established an advanced feedback loop for the lunar landing leading to increase in operational efficiency
- ❖ Leveraged deep q-learning techniques to develop robust neural network models for autonomous lunar landing operations.

AI DESKTOP ASSISTANT

(NOV '23)

- ❖ Streamlined user experience by automating routine desktop tasks, enhancing productivity and ease of use.

VOICE TO IMAGE USING OPEN AI

(AUG '23)

- ❖ Create Realtime Images through voice using Generative AI Models using API and Kandi with OpenWeaver.

Technical Skills

LANGUAGES: C, C++, Java, Python, SQL

TECHNOLOGIES: GitHub, Arduino, Cisco, VS Code Community

INTERESTS: Operating Systems, DBMS, Networks, Algorithm

COMMUNICATION: English, Hindi, Odia

Accomplishments

- ❖ **Microsoft Certified:** Azure Administrator Associate [\[Link\]](#)
- ❖ **AWS Certified** Cloud Practitioner [\[Link\]](#)
- ❖ **NPTEL Certification** in Cloud Computing (**Top 5%**) [\[Link\]](#)
- ❖ Introduction to Packet Tracer from **CISCO** [\[Link\]](#)
- ❖ Python, C, Cpp, Java, MySQL programming certificate from spoken tutorial IIT Bombay. [\[Link\]](#)

Education

Vellore Institute of Technology, Chennai | B.Tech CSE spl AI & Robotics| CGPA: 8.74 2021 – 2025

Kendriya Vidyalaya, Lokra, Tezpur, Assam |Senior Secondary (XII) | Score: 94.2 % 2020 – 2021

Kendriya Vidyalaya, Lokra, Tezpur, Assam |High School (X) | Score: 86.6 % 2018 – 2019
